

24 April 2024

Dear Healthcare Professional,

Re: Oramorph Oral Solution 10mg/5mL

Please be advised Medsafe has granted Clinect provisional consent to market Oramorph Oral Solution 10mg/5mL in New Zealand effective 24 April 2024. Wholesaler orders will continue to be placed with Healthcare Logistics and the product details remain unchanged as follows:

Material	Material Description	PharmaCode	Price
1186819	Oramorph Oral Soln 10mg/5mL 100mL	2675048	29.80

Please note that the Clinect Oramorph label does not contain the full required warning statement for opioids. The wording from Medsafe's Label Statements Database states:

Use of this medicine has the risk of overdose or dependence

The Clinect Oramorph label states:

Can cause addiction. Contains opioid

Please also be aware that there is a near identical morphine oral solution in the market, also known as Oramorph, which is not approved.

For any **medical information enquiries or adverse events** relating to Oramorph Oral Solution please contact Clinect:

Email: medinfo@clinect.com.au or;

Phone: **0800 138 803**

For any further information please contact Bronwyn Hamilton at Clinect directly:
